

Open source project declaration

This document accompanies an application for a Certum Open Source Code Signing certificate.

Project

Brisk - a free Windows maintenance tool.

Project URL

<https://github.com/MatternPL/Brisk>

Licence

MIT. The full source code is public in the repository above.

Applicant

Mathias Arne Andresen
mathiasarne@icloud.com

Relationship to the project

I am the sole author and maintainer of Brisk. The repository is owned by my GitHub account MatternPL, every commit is mine, and the MIT licence file in the repository names me as the copyright holder. The releases published there are built and published by me.
